The screenshot shows the homepage of the E-lib.ch website. At the top, there is a banner featuring a photograph of library bookshelves. The banner contains the text "E-lib.ch" in large white letters on the left and "Elektronische Bibliothèque électronique Swiss elec" in smaller blue text on the right. Below the banner, there is a navigation bar with links for "Contact", "Deutsch", and "Français". The main content area has a dark blue sidebar on the left containing links for "Home", "General Information", "Organisation", "Project contributions", "Weblog", "Documents", "Projects", "Research and use", and various project names like ACCEPT, ElibEval, infoclio.ch, etc. The main content area features a title "E-lib.ch – Swiss Electronic Library" and a paragraph about the project's background. It also includes a link to the "weblog" and information about partner projects. A large graphic in the bottom right corner features the text "Research and use", "E-lib.ch", and "Digital Content" in white and blue.

**E-lib.ch – Swiss Electronic Library**

On this site you find background information concerning the innovation and cooperation project "E-lib.ch: Swiss Electronic library". The project is funded by the Swiss University Conference (SUK/CUS) during the contributing period of 2008-2011. Participation of further institutions is made possible through support by ETH-Rat (Council of the Swiss Federal Institutes of Technology). The Universities of Applied Sciences take part with the support of the Federal Office for Professional Education and Technology.

Current information and dates can be found in the project's [weblog](#).

Various projects are realized with a multitude of partners within the framework of E-lib.ch. Their common aim is to provide fast and easy access to a wide range of different information resources.
