- 7.3. The Publisher shall use reasonable efforts to ensure that the Licensor's server or servers have sufficient capacity and rate of connectivity to provide the Licensee and its Authorized Users with a quality of service comparable to current standards in the online information industry in the Licensee's locale. Licensor shall use reasonable efforts to provide continuous service with an average of 95% up-time per month. This 95% up-time includes periodic unavailability due to server maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available; and unavailability because of service or equipment failure outside the Licensor's control (including problems with public or private telecommunications services, or Internet nodes or facilities). - 7.6. Except as expressly provided in this Agreement, the Publisher makes no representations or warranties of any kind, express or implied, including but not limited to, warranties of design, accuracy of the information contained in the Licensed Materials, merchantability or fitness of use for a particular purpose. When an Authorised User accesses any other third-party website the User understands that it is independent from the Publisher websites and that the Publisher has no control over the content or availability of that website. In addition, a link to any other third party website does not mean that the Publisher endorses or accepts any responsibility for the content, or the use of, such a website and it shall not be liable for any loss or damage caused or alleged to be caused by or in connection with use of or reliance on any content, goods or services available on or through any other web or resource. The Publisher shall indemnify and hold the Institution harmless from and against any loss, damage, costs, liability and expenses (including reasonable legal and professional fees) arising out of any legal action taken against the Institutions claiming actual or alleged infringement of such rights. This indemnity shall survive the termination of this Agreement for any reason. This indemnity shall not apply if the Organisation, the Institutions or the Authorised Users have amended the Licensed Materials in any way not permitted by this Agreement.

For the avoidance of doubt, this provision is only applicable if the APC of the Eligible Article is paid by the Institution via the APC Fund.
- 10.4. The Publisher will provide a quarterly report on publishing activity under the agreement to the Organisation. More regular reporting is available through the Research Dashboard.

## B. Article Publishing Charges

Institutions can publish a number of Qualifying articles following the Publication Cap in section C below.

The Article Publishing Charge per year will be as follows:

Year	APC
2024	2'966 €
2025	3'070 €
2026	3'177 €
2027	3'288 €

## C. Publication Cap

The Publication Cap will be:

Year	Total Qualifying Articles in Open Journal, Open Select Journal, Dove, F1000 Research, Routledge Open Research and MedEdPublish.
2024	705
2025	720
2026	734
2027	749

## D. Additional Commercial Terms

- i. Enhanced Post Cancellation Access (PCA) Rights: A bespoke PCA package will be created to capture all previous Swiss members subscriptions based on 2019 and 2020 subscription holdings which will be added to shared PCA entitlement. Institutions will get the PCA entitlement each year.
  - a. The in 2024 agreed Enhanced Post Cancellation Access bespoke package won't be topped up in case a title move out of the PCA portfolio due to circumstances like move to OA or change of publisher etc.
  - b. In case an individual subscribed Non-Core title become a Core title we will grant shared PCA entitlement for all consortia members.
  - c. In case a Core title move back to a Non-Core title, shared PCA entitlement will expire and interested institutions need to subscribe individually.
- ii. Previously acquired perpetual rights are unaffected by this agreement;
- iii. Read access is given back to 1997, where available;
- iv. The Read & Publish Fees include read access to the titles listed in Schedule 3 for all institutions listed in Schedule 1;
- v. The Publishing Fees covers Open Access publishing rights in any Open Journal, Open Select Journal, Dove, F1000 Research, Routledge Open Research and MedEdPublish.
- vi. Any shortfall of publishing giving rise to a collective equivalent APC value below the Read & Publish Fees will not be refunded;
- vii. Any Open Access publishing above the Publication Cap will be billed at the year at list price APC rates;
- viii. The Organisation on behalf of the institutions is under no obligation to publish additional Qualifying articles, once the Publication Cap is reached in any year of the agreement;
- ix. The Publisher agrees to work with appointed representatives of the Organisation to discuss, agree and make any agreed improvements to the workflow and the functionality of the Research Dashboard;
- x. Print DDP: 25% of List Price

- xi. In the event that the Publication Allowance is not used in full in any year of the Subscription Period (each, a “Subscription Year”), the unused part of the Publication Allowance will lapse and will not be rolled over into any subsequent Subscription Year

E. New Institutions joining the Agreement

For any new members joining the agreement during the Subscription Period, the fees and article allocation will be calculated as follows, in order to maintain consistency with existing members:

Full OA APC spend from previous full year + subscription and access fee spend from current year + agreed price cap for following year = joining fee.

New joining institutions without any T&F business need to subscribe to a T&F Library.

Article allocation will be calculated consistently with current agreement members, based on proportion of spend allocated to publishing. Publishing fee divided by prevailing APC = articles to be added to the overall allocation.

Year	% of total spend allocated to publishing	Fixed APC
2024	73%	2'966 €
2025	76%	3'070 €
2026	78%	3'177 €
2027	81%	3'288 €

E.g. a member requesting to join from 1<sup>st</sup> January 2025, would be calculated during 2024 in the following way:

€5,000 (2023 Full OA APC spend) + €120,000 (2024 subscription and access fee) + 2% price cap = €127,500

76% of €127,500 = €96,900 / €3,070 APC = 32 articles added to overall allocation

F. Institutions leaving the Agreement

As stated in Clause 13.5, any termination of this Agreement by one of the Institutions shall not affect the rights and obligations of the other Institutions.

If an Institution leaves the agreement in a given year, the Publisher reserves the rights to:

- Proportionally reduce the Licenced Material being delivered and;
- Proportionally reduce the number of Qualifying Articles allocated to the Organisation for publishing in the following year of the Subscription Period.

Such reduction will be proportionate to the Reading and Publishing Fees related to the leaving Institutions.
